swedenBIO

The Swedish Life Science Industry Organization

Welcome to the SwedenBIO Annual General Meeting 2008

Scientists, managers and leaders, politicians, media and investors from the whole Life Science Industry will meet, discuss important topics and bring new ideas into action.

-What can we expect from the coming Research and Innovation Bill? Come and listen to what Lars Leijonborg, Minister for Higher Education and Research has to say!

-Which scientific and business challenges lie ahead of us? Listen to the views of top scientists and the young entrepreneurs, and meet the new SwedenBIO Award winner!

-Share your thoughts and network with your peers and others from the industry.

The formal Annual General Meeting (09.00-10.00) is open only to SwedenBIO members and invited guests.

The rest of the day is open to everyone with an interest in the industry – You are most welcome!
